Step 2: Personal Statement

Write an essay addressing the following questions. Please answer each question with detail. This statement helps the internship coordinator get to know and identify appropriate internship placements. Students who provide only brief answers may be asked to re-write and re-submit the essay.

1. When do you plan/or want to intern?
2. How might the internship help you meet your future goals?
3. Where would you like to intern? Why?
4. Do you know of any hiring qualifications at the agency?
5. Are there any places you do not want to intern? Why?
6. Look up at least 2 agencies where you are interested in interning. Tell me what you find out about their internship opportunities. If you cannot find any information online, call the agency for information. At minimum, try to provide the name and contact information for the person who supervises internships at the site as well as any information you can find on past/future internship placements.
7. What do you hope to gain through your internship?
8. What are your expectations of the internship?
9. Is there anything in your background that might disqualify you from an internship at the agency you prefer or any other agency?

When this essay is complete, email the essay to the Internship Coordinator, Dr. Baker, at Kimberly.baker@uni.edu

Only students who have both Step 1 & Step 2 will move forward to internship placement.
