Agency Field Instructor's Signature         Date

________________________________________   _______________
UNI Social Work Faculty Liaison's Signature Date
The Learning Plan needs to include experiences in each of the following eight (8) areas with connections made to the Council on Social Work Education (CSWE) and Educational Policy and Accreditation Standards (EPAS) 9 core competencies and behaviors, which can be found on pages 19-21 in the BA Field Manual or online at www.uni.edu/csbs/socialwork/field-instruction. Some behaviors may be used multiple times throughout the learning plan activities, but each behavior should be demonstrated at least once throughout the field experience.

Students complete the learning plan with direction and guidance from agency instructors and submit it to the faculty liaison by the third weeks of their field experience. Students can also use the agency profile located on the IPT system to assist with completing the learning plan activities.

The emphasis on each of the areas will differ for each student as the agency settings are different. In each area identify specific, observable activities. Typically experiences are to be graduated from simple to complex, from concrete to abstract, and from team functioning to (where appropriate) independent functioning. The following experiences are examples of activities pertinent to each learning area and have been drawn from a variety of settings. The number (1-9) indicates what core competency the activity relates to and the letter (a-e) indicates behavior.

1. **Orientation to agency** (please include a response to the following items): (1a, 1c, 1e)
   - Orientation activities include: introductions to all staff, tour of facility, explanation of office procedures, complete required orientation training
   - Measures the agency is taking to ensure physical safety and health of the student: **Student is accompanied on home visits and client transports by another agency staff, intern or volunteer. Student is not allowed to physical restrain clients.**
   - Agency requirements/response if the student is injured: **Report to supervisor. Documentation to be completed. Notification to faculty liaison.**
   - Agency requirements/response if the student would present health related symptoms that might compromise the health of the agency staff and clients: **Students who present or report symptoms of health concerns to include a temperature of 100.5 degrees F will report this information to supervisor, who will determine if student is allowed on site. Student may be allowed to complete remote internship activities from home for a minimum of X days.**
   - Restrictions on the student’s personal travel during the semester. (For example,
   - If the student leaves the county, state or country for personal reasons, what are the agency requirements prior to coming back to the agency, if any?): **No restrictions on personal travel. Or...If the student travels outside the state of Iowa during the summer semester, they will have to complete**
remote internship activities from home for a minimum of X days prior to returning to the agency.

2. Experience in interviewing (planning and conducting interviews for a variety of purposes (intake, treatment, etc.), a variety of client systems (individual, family), in a variety of places (home, agency, community agency, school, etc.); i.e., developing interviewing skills)
   - Interview clients for social history (6a)
   - Collaborate with agency partners in developing action plans (8c)
   - Conduct home visits (2b)
   - Provide referral resources as needed (3b)
   - Assist patients in completing application and forms for services (2c)
