

# **“What You Think You Know About Politics.... And Why You May Be Wrong”**

*Dr. Donna Hoffman and Dr. Chris Larimer*  
*UNI Department of Political Science*

Have you ever thought about the following statements?

Do you find yourself agreeing with them?

- ◆ Legislators should have term limits.
- ◆ If we cut waste, fraud, and abuse we could balance the federal budget.
- ◆ We spend too much money on foreign aid.
- ◆ The tuition rate at UNI is arbitrary and the administration should do something about it.
- ◆ Iowa is a purple state.
- ◆ There will be an “October surprise” that will determine the winner of the presidential election.

Join us to find out how political science research can help us understand the ideas behind these claims and whether we should agree with them...or not.

This event is sponsored by the Sociology, Anthropology & Criminology Dept. (SAC),  
CSBS, The Office of the President, & CETL.
