Agency Confirmation of MSW Foundation Field Placement & Contractual Agreement with Agency as a Field Site
Revised April 2020

MSW Foundation Program

Name of MSW Student: _____________________________________________________________

BA Degree: ______________________________________  ______________________________________

*Area of study (psychology, etc.)             University or College that granted the degree

*MSW Foundation students enter the MSW program without a BA degree in social work.

Placement time frame: On Campus MSW Foundation student completes field experience during Spring semester for 400 hours; Distance Education MSW Foundation student completes field experience during Fall and Spring semesters for 400 hour total.

In providing a field placement for the UNI student, the agency has agreed to the following:

1. All agency instructors supervising the student have viewed the Agency Instructor Orientation video found at www.uni.edu/csbs/socialwork under "Field Instruction".
2. Weekly supervision meetings with the social work field student.
3. Allotment of time for the Agency Instructor to complete student assessments and meet with faculty liaisons for scheduled meetings (usually two per placement).
4. A student is not assigned a workload as extensive or at the same level of professional independence as a staff professional. This is done to ensure the student ample time to learn and reflect on the new experiences encountered.
5. A student is not assigned agency work during the times scheduled for university classes, field placement seminars, or other educational activities required through field placement.
6. The agency provides a field setting that affirms and respects diversity and difference in staff, populations served and students completing their field experience.
7. The following expectations have been reviewed with the student prior to or at the onset of placement:
   • How differences or conflicts are to be handled.
   • How variations in field placement time will be handled (for example, university breaks).
   • Method and person to contact if student is requesting time off for health or personal issues.
   • Guidelines the student should follow in relating to other staff, administration, board members, other agencies, and the community in general. Cont…..
• Thorough orientation to the policies and practices relevant to the student, to include but not limited to personnel issues, personal safety issues, guidelines for home visits, transportation requests, and specialized training needed to carry out the tasks of the field experience.

The student is accepted by the agency for field placement: ___ Yes ___ No
The student has been informed of the above decision regarding placement: ____ Yes ____ No

Beginning Date of Student Placement: ___________________________________________

**Agency Comments/Clarification, if needed**
Students in field placement follow the UNI academic calendar and are entitled to all scheduled university breaks. Please clearly define the time periods, other than university classes and required educational events, when the student does not plan to be in field placement (for example: university breaks, finals week, religious holidays, times agency is closed, etc.):
