A Mission To Serve

Central Rivers AEA supports educators, parents, and the communities we serve as we work together toward one ultimate goal: to improve student learning.

We provide support in the areas of quality classroom materials, curriculum planning, best practices in teaching and learning, safe and caring learning environment, appropriate educational opportunities for all learners, technology planning, professional learning, assessment, special education, leadership development, and more.

What Is An AEA?

Our agency is one of nine Area Education Agencies in Iowa created in 1974 by the Iowa legislature to ensure equal educational opportunities for all children from birth through age 21. Support to local schools is provided in three, tightly integrated areas: Educational Services, Information & Technology and Special Education.

Who Do We Serve?

We serve over 66,000 students including 53 public school districts and 18 non-public school districts. In addition, nearly 5,000 educators rely on our agency for services in special education, school technology, media and instructional/curriculum support. The agency’s service area reaches 18 counties and nearly 9,000 square miles.
